

Magic Box contents & margin, now and revised for AY 2027–28

What goes into every Magic Box at St. Andrews, St. Michaels, Winmore and TSUS — each item, its quantity and its own shelf price — set against the single price the box is sold at, and beside it the revised box for AY 2027–28: the school inclusion list's quantities, costs raised 15% and prices 10%.

62 proposed boxes at ISS, Young India Police School and CWS Agra — schools in the deck that carry no Magic Box today — are costed at ₹8,63,568 and would sell for ₹12,80,838 (margin +₹4,17,270, 32.6%). They are shown as a revised side only, and are excluded from every "now" figure above.

What "revised" means. Quantities come from the school-wise inclusion deck for AY 2027–28, which now carries **a separate list for boys and for girls at every school** and states each quantity outright rather than as a base plus an "extra" column. Against today's box that is **one more regular top, one more sports top, four pairs of socks instead of two, and two pairs of shoes instead of one**; regular and sports bottoms, belt, caps, bag and bookkit all hold at today's quantity. **A water bottle** is added to every box: none of these six schools issues one today, but YIPS does, so its bottle sets the rate — cost ₹302, sells ₹495, both counted by an admin on the keeper page. **Pre-primary now gets a sports uniform:** the deck asks Nursery, LKG and UKG for two sports tops and one sports bottom just as it does every other grade, but the pre-primary boxes at SAS BP, SAS KS and SMS are built from a separate "PP" product line that has none, so the school's own sports top and bottom are added at their existing rate (18 boxes). The deck's **Note Books** and **Stationary** columns describe what the bookkit already contains rather than separate items, so they add no line of their own. **Hoodies come out of the box** for AY 2027–28 (143 boxes). **Sports socks appear in no deck column** but are kept at today's quantity, on the reading that the deck omits rather than drops them; they are tagged on every page. Rates are the stated assumption for next year: **every item's cost +15%, every item's price +10%**. The **revised box price is the sum of the revised item prices**, so it carries no premium over its own contents — today's box carries 20.8%, and **Price change** shows how far the box price itself moves. The deck's own "@10% Inc" column — today's price raised 10%, ₹34,50,810 across the programme — is carried in the pricing workbook as a comparison only. CWS AG and ISS are in the deck but not in the catalogue; YIPS is in the deck but has no Magic Boxes here. **All 235 boxes now match a grade row in the deck** — the revised Winmore list runs to Grade 12, so the three WM JK Grade 11–12 boxes that were carried over unchanged last time are covered.

How the contents value is built. Each item in a box is priced from the live catalogue price list (**item_prices**), school-specific price preferred over the global one. Where a size ladder is priced differently per size — shoes and hoodies typically are — the **most common** price on that ladder is used for the total, and the full range is printed beside it.

The box price is the single fixed price a parent pays (**products.base_price**), verified against what was actually charged on placed orders.

Difference = box price – contents value. Positive means the box is sold above the sum of its parts; negative means the parts, bought separately, cost the parent more than the box.

Our cost is the cost price on the Ground Stock (New) keeper page at audit.inventre.in — the figure the business states per Keeper SKU (SAS BP Shoes size 8UK = ₹935 on **LASHOEBL-8UK**). Where a SKU has no stated price we fall back to its purchase rate. Per item we

average across its sizes, as with the selling price. A bookkit is not stocked as a kit, so its cost is the sum of the line items inside it, from the audit BOM.

⚠ One trap avoided. The older PO-derived valuation infers cost by text-matching purchase lines, and it is wrong often enough to be dangerous — SAS BP's laced shoes resolved to **₹4.24** off a "SAS BP Label Sheet" stationery line, because 5,232 of the 6,158 ERP → Zoho mappings are unconfirmed suggestions that it uses as if exact. The stated keeper price overrides all of that; where it is absent we fall back only to confirmed mappings, direct SKU matches and received rates. 71 of 2829 item lines still have no cost and are left blank.

St. Michaels boxes are not sold on the storefront — the school collects the Magic Box charge through fees, so they carry no catalogue price. The price shown for them is what the school actually collects, read from the "Magic Box" fee head on inventre.in/fees: the most recent 2026–27 receipt per student, taken as the usual amount for each grade (Nursery and LKG ₹15,500 · UKG ₹13,500 · Grades 1–5 ₹22,000 · Grades 6–9 ₹25,000 · Grades 11–12 ₹30,000).

St. Michaels bookkits. They are ₹0 in the catalogue because the school is billed separately, which used to make those boxes read as though they held no books. The selling prices from the school's own bookkit list are used here instead — Nursery to Grade 9, both language options (Hindi = 2nd language Hindi with Telugu third, and the reverse). **Grade 11 and 12 are still unpriced:** their kits bundle subjects into "Commerce" and "Humanities" streams, which that list prices subject by subject.

Boxes ordered counts **paid orders only** — failed and pending checkouts and cancelled orders are all left out, so every box counted here is one the parent actually paid for. A box is bought once per student, so the population that can order one is this year's **new admissions** — taken from **MCB, the schools' own admissions system (DATEOFADMISSION** on or after 1 September 2025, when the intake year turns — admissions trough in August and climb to an April peak). TSUS Chennai is not on MCB and falls back to Inventre's new-student flag. That is 5,476 students across the six campuses, and 2,523 boxes — 46%. Measuring against the whole roll instead would show 18% and badly understate the product's reach.

Coverage. 156 of 168 priced boxes sell above their contents value. A bookkit counts as one line at the kit price. **Every box carries a price.** The 28 St. Michaels boxes are ₹0 in the catalogue by design — the school collects through fees — so the amount it actually collects is used for them instead. **Every Winmore box is now priced:** seven were repriced to ₹22,000 on 28 August 2026, the last two (Grade 12) on the school's confirmation.

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 30 boxes sold at this price. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027-28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027-28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Margin			PREMIUM	+₹7,130	CP MARGIN	+₹15,396			PRICE CHANGE	-₹3,026	CP MARGIN	+₹9,811 52%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 109 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Margin			PREMIUM	+₹788	CP MARGIN	+₹9,107		PRICE CHANGE	+₹3,694	CP MARGIN	+₹10,118 50%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 19 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Margin			PREMIUM	+₹5,152	CP MARGIN	+₹12,735		PRICE CHANGE	-₹359	CP MARGIN	+₹9,892 65%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · box price collected by the school through fees, the usual amount for this grade across 104 students. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Our cost covers 8 of 9 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · box price collected by the school through fees, the usual amount for this grade across 275 students. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

The school collects, per student			BOX PRICE	₹25,000				BOX PRICE	₹21,322		
Margin			PREMIUM	+₹8,087	CP MARGIN	+₹15,868		PRICE CHANGE	-₹3,678	CP MARGIN	+₹9,295 44%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · box price collected by the school through fees, the usual amount for this grade across 239 students. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027-28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027-28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Our cost covers 11 of 12 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Margin			PREMIUM	+₹5,476	CP MARGIN	+₹13,201			PRICE CHANGE	-₹1,311	CP MARGIN	+₹9,296 50%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 27 boxes sold at this price. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027-28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027-28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 14 boxes sold at this price. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027-28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027-28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 6 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 12 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

Margin			PREMIUM	−₹7,421	CP MARGIN	+₹10,361		PRICE CHANGE	+₹16,367	CP MARGIN	+₹21,324 69%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 5 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

1 item(s) still need a price: WM WF Caps. They carry no price or cost on file, so the revised totals above leave them out and are understated by that amount.

Our cost covers 11 of 12 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 3 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

1 item(s) still need a price: WM WF Caps. They carry no price or cost on file, so the revised totals above leave them out and are understated by that amount.

Our cost covers 10 of 11 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Margin			PREMIUM	+₹2,560	CP MARGIN	+₹6,677		PRICE CHANGE	+₹1,768	CP MARGIN	+₹4,451 19%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost · 3 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

1 item(s) still need a price: WM WF Caps. They carry no price or cost on file, so the revised totals above leave them out and are understated by that amount.

Our cost covers 11 of 12 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves. **Removed** = the item comes out of the box for AY 2027–28. **Not in deck** = the item is in the box today but appears in no column of the AY 2027–28 list; it is kept at today's quantity on the reading that the list omits rather than drops it.

1 item(s) still need a price: WM WF Caps. They carry no price or cost on file, so the revised totals above leave them out and are understated by that amount.

Our cost covers 11 of 12 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Margin			PREMIUM	+₹129	CP MARGIN	+₹6,231		PRICE CHANGE	+₹4,322	CP MARGIN	+₹7,603 42%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost ÷ 4 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Our cost covers 8 of 9 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

1 item(s) are priced ₹0 in the catalogue (not charged separately).

Margin			PREMIUM	+₹355	CP MARGIN	+₹7,232			PRICE CHANGE	+₹4,284	CP MARGIN	+₹8,606 46%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost ÷ 4 boxes sold at this price. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Our cost covers 8 of 9 items. 1 item(s) have no cost price on file, so our cost is understated and CP margin is an upper bound.

Margin				PREMIUM	—	CP MARGIN	—	PRICE CHANGE	—	CP MARGIN	+₹9,290 49%		

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027–28 inclusion deck (tentative — priced from Winmore Jakkur, the closest comparable school).

Margin				PREMIUM	—	CP MARGIN	—	PRICE CHANGE		—	CP MARGIN	+₹6,786 26%	

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027-28 inclusion deck (tentative — priced from Winmore Jakkur, the closest comparable school).

Margin			PREMIUM	—	CP MARGIN	—		PRICE CHANGE	—	CP MARGIN	+₹2,974 17%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027–28 inclusion deck (the school's own products; bookkit stands in from Winmore Jakkur).

Margin				PREMIUM	—	CP MARGIN	—	PRICE CHANGE	—	CP MARGIN	+₹1,648 11%		

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027–28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027–28 inclusion deck (priced from Winmore Jakkur, per the business's instruction).

We sell the whole box for			BOX PRICE	not sold today				BOX PRICE	₹21,103		
Margin			PREMIUM	—	CP MARGIN	—		PRICE CHANGE	—	CP MARGIN	+₹5,950 28%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027-28 inclusion deck (priced from Winmore Jakkur, per the business's instruction).

We sell the whole box for		BOX PRICE		not sold today			BOX PRICE		₹25,495		
Margin		PREMIUM		—	CP MARGIN	—	PRICE CHANGE		—	CP MARGIN	+₹6,578 26%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027-28 inclusion deck (priced from Winmore Jakkur, per the business's instruction).

Margin		PREMIUM		—	CP MARGIN	—	PRICE CHANGE		—	CP MARGIN	+₹9,909 50%

Contents = what these items cost a parent buying them one by one. Our cost = what we paid, from the Ground Stock (New) keeper page. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one. **CP margin** = box price – our cost. **Revised** quantities are the AY 2027-28 school inclusion list; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

Needs a decision: this box does not exist today — it is proposed from the AY 2027-28 inclusion deck (priced from Winmore Jakkur, per the business's instruction).

Summary by campus

Every active Magic Box, grade-wise — the detail pages above, gathered up. Same order.

CAMPUS	NEW STUDENTS THIS YEAR	NEW STUDENTS WHO ORDERED	% WHO ORDERED
St. Michaels School — Alwal	661	617	93%
TSUS — Chennai	164	146	89%
St. Andrews School — Keesara	358	306	85%
Winmore Academy — Whitefield	196	163	83%
St. Andrews High School — Suchitra	1,029	792	77%
Winmore Academy — Jakkur	330	208	63%
ISS	0	0	0%
Young India Police School	0	0	0%
CWS Agra	0	0	0%
All six campuses	2,738	2,232	82%

New students = admissions on or after 1 September 2025, from MCB, the schools' own system — the intake year turns then, admissions trough in August and climb to an April peak. TSUS Chennai is not on MCB and uses Inventre's new-student flag. **Returning students do buy boxes too** — at St. Michaels especially — so the percentage counts **new students who ordered**, not boxes. It counts students rather than quantities too: one family buying two boxes is still one student.

Before and after · AY 2027–28

What the revised school inclusion list does to each campus. Quantities are the deck's; every item's cost is raised 15% and every item's price 10%, and the revised box price is the sum of the revised item prices — so it carries no premium over its own contents, and **Price change** shows how far the box price itself moves.

All six campuses	235	₹24,83,029	₹31,37,100	₹13,25,348	+₹6,54,071 21%	+₹18,11,752 58%		₹32,81,646	₹32,81,646	₹18,46,838	+₹1,44,546 5%	+₹14,34,808 44%	10.2 → 19.3

All 166 boxes are included. The 28 St. Michaels boxes are ₹0 in the catalogue — the school collects through fees — so the amount it collects stands as their box price. **Premium** = box price – contents, i.e. what the box costs over buying the same items one by one; today that is 20.8% across the programme. The revised box price *is* the revised contents, so it carries no premium — **Price change** shows how far the box price moves instead. **Hoodies are out** of the revised box (143 boxes).

New students = new admissions since 1 September 2025, from MCB, split by gender. **% who ordered** = new students who ordered ÷ new students; 1 returning student(s) at this campus bought one too. A Boys box is measured against the boys admitted and a Girls box against the girls, so the two rows of a grade carry different figures; a unisex box uses the whole grade. The campus total counts every new student once. **A figure over 100% means the box reached students beyond this intake, or the two systems group that grade differently.**

† one or more contents carry no cost in Ground Stock — our cost for that box is understated.

2 boxes carry no price in the catalogue and are left out of the campus totals.

St. Andrews School – Keesara

New students = new admissions since 1 September 2025, from MCB, split by gender. **% who ordered** = new students who ordered ÷ new students. A Boys box is measured against the boys admitted and a Girls box against the girls, so the two rows of a grade carry different figures; a unisex box uses the whole grade. The campus total counts every new student once.

2 boxes carry no price in the catalogue and are left out of the campus totals.

New students = new admissions since 1 September 2025, from MCB, split by gender. **% who ordered** = new students who ordered ÷ new students; 162 returning student(s) at this campus bought one too. A Boys box is measured against the boys admitted and a Girls box against the girls, so the two rows of a grade carry different figures; a unisex box uses the whole grade. The campus total counts every new student once. **A figure over 100% means the box reached students beyond this intake, or the two systems group that grade differently.**

* one or more contents carry no price in the catalogue — the contents value for that box is understated.

† one or more contents carry no cost in Ground Stock — our cost for that box is understated.

New students = new admissions since 1 September 2025, from MCB, split by gender. **% who ordered** = new students who ordered ÷ new students; 1 returning student(s) at this campus bought one too. A Boys box is measured against the boys admitted and a Girls box against the girls, so the two rows of a grade carry different figures; a unisex box uses the whole grade. The campus total counts every new student once. **A figure over 100% means the box reached students beyond this intake, or the two systems group that grade differently.**

1 box carries no price in the catalogue and is left out of the campus totals.

New students = students flagged new in Inventre, split by gender. **% who ordered** = new students who ordered ÷ new students. A Boys box is measured against the boys admitted and a Girls box against the girls, so the two rows of a grade carry different figures; a unisex box uses the whole grade. The campus total counts every new student once. **A figure over 100% means the box reached students beyond this intake, or the two systems group that grade differently.**

^{*} one or more contents carry no price in the catalogue — the contents value for that box is understated.

[†] one or more contents carry no cost in Ground Stock — our cost for that box is understated.

New students , split by gender. **% who ordered** = new students who ordered ÷ new students. A Boys box is measured against the boys admitted and a Girls box against the girls, so the two rows of a grade carry different figures; a unisex box uses the whole grade. The campus total counts every new student once.
30 boxes carry no price in the catalogue and are left out of the campus totals.
